

Fourth Valley Myanmar Office Established
- Offering recruitment consultation service in Myanmar -

Fourth Valley Concierge Corporation (Headquarters: Chiyoda-ku, Tokyo Japan, CEO Yohei Shibasaki) providing recruiting support for top international talents and overseas studies, has decided to establish its local office, Fourth Valley Concierge Company Limited, in Myanmar. The Myanmar office will officially start its operation from December 24th, 2013.

The idea of establishing the Myanmar office was a result of Shibasaki's visit to the rapidly growing country earlier this year for the World Economic Forum on East Asia 2013 and the Young Global Leaders Annual Summit, where he met with His Excellency Thein Sein, President of the Republic of the Union of Myanmar and Daw Aung San Suu Kyi, Chairperson and General Secretary of the National League for Democracy.

Since President Thein Sein took office in 2011, democracy in the country has accelerated, and with the rapid growth in the economy, legislature, and infrastructure, Myanmar is drawing attention from the world as an attractive growing market. In such a growing market, there is a pressing need for talent acquisition among the Japanese and international companies in Myanmar. Fourth Valley, with its expertise in global recruiting and worldwide network of international top talents, will provide recruiting support to multinationals in Myanmar that are pursuing Myanmar nationals with overseas and/or management experiences as well as consultancy services.

In addition, utilizing the know-hows and the network of the overseas study business, one of the other core businesses of Fourth Valley, we will be providing support in overseas study promotion, training programs in partnership with the top local universities or organizations, as well as support for job search of the students.

We cordially hope to contribute to the further growth of Myanmar by liaising with the universities, companies and the people by assisting to raise the level of education, creating opportunities for global challenges, as well as supporting the development of global firms in Myanmar.
